

The Sri yantra is regarded the entrance to the hindu grace of old religious sources. As sometimes the tell to use mantra or attend the desccribed rituals. Or to have a kind of ritual performed by hindu priests. As they ask the mercy of a god or goddess.

As the entrance of hindu religion as long as one keeps the source of it visible in home at work or anywhere. As it gives the grace of the Tripura Tapini Upanishad as the geometry opening all kinds of favours and prosperity. As this Sri Yantra by its geometry is as a sacred word everywhere recognized. As to use this geometry is to allow the mercy to give the influence of spiritual light.

As one notices the questions of life to solve, as to have decisions with more arguments, and as to have the radiance attracting the feeling to be content in life. As one feels rich, the other feels rewarded, and as someone finds a life-mate or a good job. So be blessed using this geometry as the ground of reality reads it every day and rewards this devotion with grace.
